Re: C. A. TOLSON - Special Agent.

Dear Sir:

The above named Special Agent reported for assignment in Boston on May 10, 1928 and the following report is submitted in accordance with Bureau regulations.

Agent Tolson has been in the service of this Bureau since April 2, 1928 and displays excellent qualifications for investigative work. He has initiative, is alert and cooperative, and, in my opinion, above the average considering his short period of training. With more experience and knowledge of Bureau procedure he should rate above an average agent in a comparatively short time.

Very truly yours,

L. C. Duke

Dear Sir:

Re: C. A. TOLSON, Special Agent -
Personnel matter

Agent Tolson reported to the Washington Field Office for assignment and was given the oath of office on April 2nd, 1928.

I have been most favorably impressed with him during his training period here. He very quickly grasped the fundamentals of investigative work and has, I believe, a very thorough understanding of all the Bureau's rules and regulations. I believe that the approach and bearing of Agent Tolson is far above the average and I predict that he will rapidly develop into one of the Bureau's most efficient agents.

The dictation of Agent Tolson was entirely satisfactory for one so new in the service. He was studious, gave careful thought and attention to his work, and in fact, within a few days after he had taken the oath of office was performing investigative work which would have been a credit to an agent of long standing in this Bureau.

Agent Tolson performed considerable travel while in this district and correctly submitted his first expense account under my guidance. He handled only the general run of work while here, and I believe that he has a basic understanding of all the investigative work performed by this Bureau, with the exception of Bankruptcy, Antitrust, and National Bank Act violations. I had no bankruptcy case which was suitable for assignment to him during the period of his service here.

Dear Sir:

I attach hereto a letter addressed to you by Special Agent Tolson explaining the circumstances under which a certain newspaper article concerning him appeared in the Washington Evening Star under date of April 2, 1928. While this letter is self-explanatory I desire to inform you that Special Agent Tolson told me that in connection with his duties as Confidential Clerk to Secretary Davis he had occasion to meet the newspaper reporter named Clarke on each and every day and frequently gave to Clarke such Press releases as were desired by the Secretary.

Agent Tolson assured me that he specifically requested Clarke to not print anything concerning his resignation from the War Department to accept a Special Agency with this Bureau and obtained from Clarke a promise that his wishes in this regard would be respected. Agent Tolson further claims that in spite of this agreement which he had with Clarke the latter published the article in question without his knowledge or consent.

Dear Sir:

With respect to the attached newspaper clipping from the Washington Evening Star of April 2, 1928, I wish to state that while employed in the War Department my official duties brought me into close personal contact with the writer of the article, Mr. Clarke, who maintains an office in the State, War and Navy Building. Mr. Clarke knew that I had made application for a position in the Department of Justice some time before I had any indication that my application would be given favorable consideration and he asked me for certain information to include in a newspaper article. When I received my letter of appointment containing the statement that the appointment was not to be given publicity, I asked Mr. Clarke not to publish anything concerning it. He promised me he would give the matter no publicity and I was very much surprised to read the newspaper item. It was written after I left the War Department and the information it contained was evident-

from the War Department files.

QUITS WAR CLERKSHIP.

Clyde Tolson of Iowa, who was confidential clerk to Secretaries Baker, Weeks and Davis, successively, at the War Department, today resigned that office to accept a position as special agent in the Department of Justice.

He is a native of Cedar Rapids and began his services at the War Department in July, 1916, as a clerk in the office of the chief of staff, under Lieut. Gen. Peyton C. March, in the World War.

He is a graduate of the law department of George Washington University and a member of the bar of the District of Columbia. In his new office he will remain in this city for the present.

IN RE: CLYDE A. TOLSON
Applicant for Appointment
as Special Agent

FEB 24 1928

DD-100

FILE

*referred to Mr. Egan
2/24/28 J. E. H.*

This applicant is 27 years of age, is a native of Missouri, and a resident of Iowa. He has an LL.B. degree from George Washington University, and is at present registered for an LL.M. degree. He gives among his references Honorable Dwight F. Davis, Honorable Newton D. Baker, Dr. Edw. B. Clements, Honorable Hamford MacHider, Honorable Edward F. Colladay and Mr. John W. Martyn. Applicant has passed the D. C. Bar. His experience is given as follows:

Applicant states he was appointed stenographer in the War Department on July 12, 1918; during latter part of 1918 was Chief Clerk, Committee on Education and Special Training, Office Chief of Staff; from 1919 to November 1920, Correspondence Clerk, The Adjutant General's Office, and since November 1920 has been Confidential Clerk to Secretaries of War Newton D. Baker, John W. Weeks, and Dwight F. Davis.

A letter from Secretary of War Davis states that applicant has been employed in the War Department for several years; that his work in that Department has been satisfactory; and that he is of good reputation.

Honorable Newton D. Baker, Cleveland, Ohio, states that applicant came to the War Department while he was Secretary of War; that he was a capable and efficient stenographer, and of good reputation and habits. He states he has not seen applicant for nearly ten years.

Dr. Ed. B. Clements, Republican National Committeeman, St. Louis, Missouri, states that he first met applicant about three years ago, and since then has met applicant every time he has visited Washington; and that he is an honest and intelligent young man.

Major General John Hall, Judge Advocate General, United States Army, Washington, D. C., has known applicant since 1920, and states that he has had every opportunity to observe applicant's work; that applicant's position

requires him to meet all of the people that come into the office of the Secretary of War; that he is diplomatic in handling callers; and that he is courteous and trustworthy.

Walter S. Dickay, Owner and Publisher, Kansas City Journal and Kansas City Post, Kansas City, Missouri, states he met applicant while calling on the Secretary of War during the past seven or eight years; that applicant's duties were to receive visitors calling upon the Secretary of War; that at times it was necessary for him to wait his turn before calling upon the Secretary of War and during these periods became well acquainted with applicant; that he appeared to be very efficient, conscientious, capable, and studious; that his knowledge of applicant is extremely limited, but his impression of him very favorable.

Thomas Pernis, Letter Carrier, Cedar Rapids, Iowa, has known applicant about seven or eight years, and states that he is bright and ambitious, and not at all dissipated.

John W. Martyn, Executive Assistant to the Secretary of War, War Department, Washington, D. C., has known applicant for several years and states that he places the highest trust in him; that he would consider applicant's leaving the War Department a considerable loss, owing to his efficiency; that he can be depended upon; and that his associates and habits have been good.

Hon. Edw. F. Colladay, Republican National Committeeman, Washington, D. C., states that his knowledge of applicant is restricted to his acquaintance with him in the office of the Secretary of War; that he was first attracted to him because of his courtesy; and that he meets people well.

S. H. Kent, Chief Clerk, Executive Division, Adjutant General's Office, Division of Office Personnel, Washington, D. C., gave applicant's record while there, which showed that he was appointed July 12, 1918 as a Chief Clerk, with a salary of \$1100 per annum; that he became a typist in April, 1919, in the Adjutant General's Office, where he received a high efficiency rating. He was transferred to the office of the Secretary of War in 1920 because of his exceptional diction and diplomatic type of correspondence.

Applicant is at present studying for his LL. M. degree at George Washington University.

W. C. Henning, President, Cedar Rapids Business College, Cedar Rapids, Iowa, states that applicant graduated from his school in June, 1918, and was one of his best students.

Miss Kattie L. Cook, Teacher, Cedar Rapids Business College, Cedar Rapids, Iowa, spoke favorably of applicant, as did Miss Lena A. Voght, of Cedar Rapids.

Acting Agent in Charge Tracy states that applicant informed him that he desires to enter the service of the Bureau in order that he may obtain experience and make connections so that he may commence the practice

of law in his home town, Cedar Rapids, Iowa. Applicant stated that he expected to remain in the Bureau, if appointed, about a year and a half or two years, but after that he could not say. Applicant impressed Mr. Tracy as being a substantial sort of man, courteous, of pleasing manners, and excellent personality and appearance. Mr. Tracy also states that his dictation is excellent. Further, that applicant appeared to be of the "social" type (whatever that may mean) and might become displeased with any of the rugged work of the Bureau. He thought applicant would make an excellent agent.

It is, of course, not altogether pleasing for applicants to expect to use the Bureau as a stepping stone to something else, either better, or worse. However, we have many agents on the staff of the Bureau at the present time who did not intend to remain very long when they entered the service. Applicant's experience in the office of the Secretary of War would appear to be an asset to him in the work of the Bureau, as would the acquaintances he made while employed in that office.

I recommend favorable consideration.

Very truly yours,

Letter from Hon. Dwight F. Davis,
Secretary of War,
Wash. D. C.

Stated that applicant has been employed in the War Dept. for several years and during that time he attended George Washington University, receiving an A.B. and LL.B. degree; that his work in the War Department has always been entirely satisfactory and he is of good character; that, naturally, applicant is anxious to secure a position which will give him experience along legal lines, and that he would personally appreciate anything that may be done to assist applicant in getting located.

Hon. Newton D. Baker, 1924
Union Trust Bldg.,
Cleveland, Ohio.

Stated that he did not know anything of applicant's antecedents, home, etc., but that applicant came to the War Dept. while he was Secretary of War; that applicant studied law, was a capable and efficient stenographer, and a man of irreproachable character and habits; that he is under the impression that applicant is now confidential secretary to Secretary of War Davis; that he has not seen applicant for nearly ten years, and that, at the request by letter of applicant, he wrote to the Attorney General endorsing applicant. This letter, which is on file in applicant's personnel file, states in addition to his above statements, that he is pleased to say that during the time he had applicant under immediate observation, he was a boy of fine presence, serious attention to his duties, and excellent intelligence that his entire observation was favorable, and that he is glad to recommend applicant to the Department.

Dr. Ed. B. Clements, Republican
National Committeeman, St. Louis,
Mo.

Stated that he first met applicant about 3 years ago and since then has met him every time he, Dr. Clements, has visited Washington, which was about 2 or 3 times each year; that applicant is a very nice, bright, dependable young man, and that he would gladly recommend him for the position he is seeking.

Major General John Hull, Judge
Advocate General, U. S. Army,
Wash. D. C.

Stated that he has known applicant since 1920 and due to the direct contact maintained with office in which applicant was employed the General has had every opportunity to observe applicant's work, mannerisms, capabilities, and methods in handling office work; that applicant's position requires him to meet all of the people that come into the office of the Secretary of War, meeting them exceptionally well and is very diplomatic in handling callers that come in the office; that applicant is very courteous, absolutely trustworthy and is an exceptionally bright, clean cut young man.

Mr. Walter S. Dickey, Owner &
Publisher, Kansas City Journal
and Kansas City Post, Kansas
City, Mo.

Stated that for the past 7 or 8 years he had occasion to make frequent visits to Washington and on numerous occasions he had called upon the Secretary of War and for this reason has been acquainted with applicant for about 7 years, whose

duties were to receive visitors calling upon the Secretary of War that at various times it was necessary for him to wait his turn before calling upon the Secretary of War and during these periods he had become very well acquainted with applicant; that he appeared to be very efficient; conscientious; capable; studious, and handled his work very well; that he had the appearance of being a clean cut, energetic young man, and would doubtless prove satisfactory for the position sought; that he had no knowledge whatever of applicant's family, home life, financial responsibility or special qualifications for the position sought; that he unhesitatingly recommends applicant for the position sought; that his knowledge of applicant was extremely limited, but his impressions of applicant were very favorable.

Mr. Thomas Pernis, Letter Carrier, Cedar Rapids, Ia.

Stated that he had known applicant about 7 or 8 years; that he was a very bright and ambitious young man; that he knows applicant is not at all dissipated and would take pleasure in endorsing him for any position.

Mr. John W. Martyn, Executive Assistant to the Secy. of War, War Dept. Wash. DC

Stated that he has known applicant for several years, regarding him very highly; that he places the highest degree of trust in applicant and does not hesitate to recommend applicant; that were applicant to leave his Department he would consider it a loss to both himself and the Department due to the fact that applicant has been highly efficient in the expedition of his work; that he can be absolutely depended upon to carry out instructions given and upon many occasions has left his work in applicant's sole charge; that applicant made his own way through school; that his habits and associates have always been of the best; that applicant could have derived a great number of benefits through the position he holds if he were inclined to accept bribes and was of a mercenary temperament; that he has been tried in that respect in a discreet manner and was found to be above reproach.

Hon. Edw. F. Colladay, Republican National Committeeman, Union Trust Building, Wash. D. C.

Stated that his knowledge of applicant was restricted to his acquaintance with applicant in the office of the Secretary of War; that he was first attracted to applicant by the courteous treatment accorded him upon his visits to applicant's office; that applicant has an exceptional faculty of meeting people well; that he is very likeable and efficient and upon the occasions applicant was required to handle matters for him in the War Department Office, applicant did so with an exacting precision; that he has become interested in applicant due to the fact that he encouraged applicant to pursue the study of law and applicant has come to him upon several occasions since beginning the study of law requesting cases that he (Mr. Colladay) has had before the Supreme Court; that this action on the part of the law student is excep-

tional in that the amount of work required to trace an outside case requires a great deal of work, tedious checking of cases which make the personal investigation almost prohibitive in conjunction with the amount of work a law student carries at school; that his knowledge of applicant is limited to his connection with the War Department Office, knowing nothing of applicant's family history, financial responsibilities or personal habits; that he was particularly impressed with the manner in which applicant conducted himself and his general appearance in the War Department Office, and that he personally did not hesitate to recommend applicant for any position of trust.

Mr. S. H. Kent, Chief Clerk
Executive Div. Adjutant
General's Office, Division
of Office Personnel,
Wash. D. C.

Produced records that showed that applicant was appointed as Chief Clerk, salary of \$1100 per annum, July 12, 1918 to Jan. 11, 1919; that he received an increase of \$220 per annum extending over the period from Jan. 12, 1919 to April 8, 1919, at which time he was transferred to the Adjutant General's Office, as a typist where remained from April 9, 1919 to Nov. 9, 1920, his efficiency rating for the period ending Dec. 1919 was a little better than 97; that he rated 291 of 3099 so classified; for the period ending June 1920 his efficiency rating was a little better than 98 and rated 177 of 2779 so classified; that he was transferred to the Office of Secretary of War on November 10, 1920, because of the exceptional diction and diplomatic type of correspondence used by applicant, which had come to the attention of the War Department and his transfer was requested. Mr. Kent stated that Mr. B. J. Wrightsman, under whose direct supervision applicant was employed, reported applicant to be exceptionally efficient, capable and industrious in the handling of his office work.

Miss Hazel Arrington,
Clerk, Registrar's Office,
George Washington University,
Wash. D. C.

Produced records that showed that applicant entered in February 1920, and graduated in October 1925 with BA degree, and that applicant's scholastic standing is above the average.

Miss A. K. Bischoff, Asst.
Recorder, Registrar's Office,
George Washington University,
Wash. D. C.

Showed records that revealed that applicant enrolled in the Law School on October 22, 1924 and graduated June 24, 1927 with an LL.B. degree, and that under date of October 1, 1927, applicant enrolled for an LL.M. degree which course of study he is at present pursuing.

Miss E. Peterson, Civil
Service Commission, Wash.
D. C.

Produced records which showed that applicant was originally appointed on July 12, 1918 to the War Staff as stenographer and typist at \$1100 per year, and that on January 6, 1923, his status was changed to that of clerk to the Secretary of War at \$2000 per year, his present salary being \$2300.

Mr. W. C. Henning, Pres.
Cedar Rapids Business College,
Cedar Rapids, Iowa.

Stated that applicant graduated from his school in June 1918 and was one of the best students in school; thoroughly trustworthy and reliable in every way.

Miss Hattie L. Cook, Teacher,
Cedar Rapids Business College,
Cedar Rapids, Iowa.

Stated that she has never taught a nicer or more apt student than applicant was, and she knows he will make a success in any undertaking.

Miss Lena A. Voght, Iowa Rail-
way and Ligh Company,
Cedar Rapids, Iowa.

Stated that she taught applicant while he attended the Busine College, and that he was O. K. in every way.

Personal Interview:
T. H. Tracy, Acting SAC

Agent states, that applicant told him that he does not desire a position as a matter of remuneration as he can hold his present position as long as he cares to; that he desires a position as Special Agent for the reason that he wants to obtain experience and make connections so that he may commence the practice of law in his home town, Cedar Rapids, Iowa. After being questioned as to how long he would remain with the Bureau, assuming he obtained the position, he answered about a year and a half or two years, but after that he could not say. Applicant impresses Agent as being a substantial sort of man, very courteous, his manner is pleasing, and his personal appearance excellent, his bearing upright. Agent states that the fact applicant has considerable tact can safely be inferred from the position he has occupied for the past 3 years; that there is no question in his mind but what applicant possesses many qualifications far above the average applicant; that in dictation he has confidence, poise, and his diction is excellent; that applicant seems to be of a social type and although physically fitted for it, might be displeased with rugged work. This was brought out by the manner of his questions concerning the apprehension of fugitives and undercover duties; that he is convinced that applicant would make an excellent Agent and be a credit to the Bureau, but his frankness in stating that he only intends to remain with the Bureau for a period of 2 years would seem to militate against him and render employment speculative.

the highest degree of trust in the applicant and does not hesitate to recommend applicant and stated that were the applicant to leave his Department he would consider it a loss to both himself and the Department due to the fact that applicant has been highly efficient in the expedition of his work, can be absolutely depended upon to carry out instructions given and upon many occasions has left his work in applicant's sole charge. Agent interrogated Mr. Martyn relative to whether or not applicant drank and stated that applicant was not a drinking man. Upon further questioning, however, Mr. Martyn informed Agent that due to the fact applicant was so well liked in the Department he was taken on a trip with the Department heads through the Panama Canal and up the western coast. He stated that due to the fact that the executives making the trip had things very much their own way there was considerable drinking while enroute. Mr. Martyn stated that he saw applicant take a few drinks during this trip but was very gratified to see how applicant carried himself and refrained from any excessive drinking and only did so upon occasions when, due to the nature of the trip, it would have been a social error on applicant's part to have refused. Mr. Martyn feels that what little drinking applicant did on this trip was done in that respect and further states that never since applicant's return from the trip has he ever seen or heard of applicant taking a drink. Mr. Martyn states that it is his understanding that applicant is making his own way through school; that he has shown no particular interest in women; that his habits and associates have always been of the best. Agent questioned Mr. Martyn as to whether or not applicant would accept a bribe in any form or nature. Agent was informed that if applicant were so inclined and was of a mercenary temperament he could have derived a great number of benefits through the position he holds; that applicant has been tried in that respect in a discreet manner and applicant was found to be above reproach. Mr. Martyn informed Agent that applicant took the Civil Service examination at Cedar Rapids, Iowa, in the year 1918, and that applicant was appointed to the War Department from Cedar Rapids, Iowa, July 1918. He states that applicant's father, James W. Tolson, is employed by the Chicago, Milwaukee and St. Paul Railway Company, official capacity unknown to Mr. Martyn. Mr. Martyn's knowledge of applicant's family history is confined to the above statement.

✓ Honorable Edward F. Colladay, Republican National Committeeman, Union Trust Building, informed Agent his knowledge of applicant was restricted to his acquaintance with applicant in the office of the Secretary to the War Department; that he was first attracted to applicant by the courteous treatment accorded him upon his visits to applicant's office. Mr. Colladay states that applicant has an exceptional faculty of meeting people well; that he is very likeable and efficient and upon the occasions applicant was required to handle matters for Mr. Colladay in the War Department Office applicant did so with an exacting precision. Mr. Colladay states further that he has become interested in applicant due to the fact that he encouraged applicant to pursue the study of law and applicant has come to him upon several occasions since beginning the study of law requesting cases that Mr. Colladay has had before the Supreme Court. Mr. Colladay states that this action on the part of the law student is exceptional in that the amount of work required to trace an outside case requires a great deal of work, tedious checking of cases which makes the personal investigation

almost prohibitive in conjunction with the fact that the law student carries at school. Mr. Colladay's knowledge of applicant is limited to his connection with the War Department Office. He stated that he knows nothing of applicant's family history, financial responsibilities or personal habits. In response to query by Agent, Mr. Colladay stated he did not know of applicant's own personal knowledge but would be very much surprised to learn that applicant was a drunk. He said he was particularly impressed with the manner in which applicant conducted himself and his general appearance in the War Department Office, and personally did not hesitate to recommend applicant for any position of honor.

✓ Mr. S. H. Kent, Chief Clerk, Executive Division of the Adjutant General's Office, Division of Official Personnel, produced records for Agent's perusal which reflect applicant to have been employed as Chief Clerk, salary of \$1,100.00 per annum, July 12, 1918, to July 11, 1919. He received an increase in salary of \$200.00 per annum effective over the period from January 12, 1919 to April 8, 1919, at which time applicant was transferred to the Adjutant General's Office, War Department, where he remained from April 9, 1919, to November 9, 1919. Applicant's efficiency rating for the period ending December 1919 was a little better than average. Applicant rated 231 of 3000 so classified. From the period ending in Jan. 1920 applicant's efficiency rating was a little better than average and rated 277 of 3000 so classified. Applicant's transfer to Office of Secretary of War was effected November 10, 1920. Mr. Kent informed Agent that applicant's duties were to handle correspondence with reference to prisoners of war, foreign military and foreign officials of their respective countries and it was at this time, due to the exceptional diction and diplomatic type of correspondence sent by applicant, that applicant came to the attention of the War Department and his transfer to that Department was then requested. Mr. Kent informed Agent that Mr. J. S. Wrightman, under whose direct supervision applicant was employed, reported applicant to be exceptionally efficient, capable and interested in the handling of his office work.

✓ Hazel Arrington, Clerk, Registrar's Office, George Washington University, produced records of applicant's attendance in the above school which reflect applicant entered February 1920, graduated October 1925 with B.S. degree; that applicant's scholastic standing is above the average.

✓ Miss A. E. Bischoff, Assistant Registrar, Registrar's Office, George Washington University Law School was interviewed by Agent. Records from this office reveal applicant's enrollment to have been made October 22, 1924, and his graduation on June 24, 1927, with LL.B. degree. The records further reveal that under date of October 1, 1927, applicant enrolled for an LL.M. degree which course of study applicant is at present pursuing.

✓ Mr. Charles W. Prottger, Service Manager, Retail Credit Men's Association of Washington, when interviewed, produced records which reflect two accounts in applicant's name, one in the amount of \$20.00, Men's Furnishings, which is reported as paid promptly and the other - Hecht Company, in the amount

of \$207.00 to be paid at the rate of \$10.35 a month, first three months having been paid promptly, the last payment was a little slow.

Captain Emerson, Chief of Detective, Metropolitan Police Department, informed Agent they have no record of any violation of any nature under name of applicant.

Search of the records in the Clerk's Office of the Supreme Court requested by Agent, same reflect that applicant passed the bar examination but has not as yet been admitted to the bar of District of Columbia. Clerk could not give Agent any definite information as to when applicant would be admitted to the bar but said it would be sometime in the near future at the sitting of the next general term of court.

Miss E. Peterson, Civil Service Commission, produced service history record which reflects applicant's date of original appointment to be July 18, 1918, War Staff, District of Columbia, in the capacity of stenographer and typist at a salary of \$1,800.00 a year. January 6, 1923, his status was changed to that of clerk to the Secretary of War at a salary of \$2,000.00 per annum, his present salary being \$2,500.00.

Bureau of Investigation

WASHINGTON, D. C.

February 9, 1928.

Dear Mr. Tracy:

In compliance with your request that I advise you of the reasons why I have made application for a position as a Special Agent in the Bureau of Investigation I would state that the chief purpose in my wishing to make a change of positions is that, having completed my work in college and having successfully passed the Bar Examination, I desire to secure a place where I might gain some experience along legal lines. Inasmuch as I have been in the Departmental service during the past ten years and since I have no connection with any legal firm with which I might secure immediate employment, I felt that a position similar to that of a Special Agent would give me the necessary experience to enable me to enter the legal profession at some later time.

Very truly yours,

Clyde A. Tolson,

Applicant.

Bureau of Investigation

WASHINGTON, D. C.

February 11, 1928.

Director,
Bureau of Investigation,
Department of Justice,
Washington, D. C.

Dear Sir:

After having had a personal interview with Clyde A. Tolson, 1733 N Street, N. W., Washington, D. C., applicant for the position of Special Agent, I advise you that he informed me he was born in Laredo, Missouri, on May 22, 1900, and that he attended grammar and high school there, graduating from the latter in 1915. His family moved to Cedar Rapids, Iowa, in 1917, and applicant attended business college there for the scholastic year 1917 - 1918. Applicant then left home and came to Washington where he has since remained. His father is James W. Tolson, Special Agent for the Chicago, Milwaukee and St. Paul Railroad at Cedar Rapids, Iowa. His mother is living. The only other member of the family is his brother, H. A. Tolson, 1332 Farragut Street, N. W., Washington, D. C., who is Award Clerk, Panama Canal Zone Division of the War Department, Washington, D. C. There are no other relatives in the Government service.

Applicant states on July 12, 1918, he obtained the position of stenographer at the office of the Chief of Staff, War Department, at a salary of \$1100 and that one year later he was transferred to the Adjutant General's Office as Correspondence Clerk, Prisoners Section, at a salary of \$1440. In November, 1920, he was transferred to the office of the Secretary of War as Confidential Clerk at a salary of \$1600. He has held this position through the regimes of Secretaries Baker, Weeks, and the present Secretary, Davis. His present salary is \$2300.

Applicant states that in February, 1920, he enrolled at George Washington University night school and in June, 1925, received his A.B. degree and that in October, 1927, he received his LL.B. degree from the same institution. Up to a week or so ago he was enrolled at the same university as a candidate for an LL.M. degree, but discontinued his studies in this respect inasmuch as he just received word of passing the District of Columbia Bar Examinations.

Director - 2.

It was brought out in the course of the investigation that in 1923, under Secretary of War Weeks, applicant took part in the junket trip through the Canal Zone to the West Coast and that he indulged in intoxicants on this trip. The matter was fully gone into with applicant and he stated that it is true that he had indulged in liquors on board ship on this trip at the Canal Zone when champagne toasts were had between the President of Panama and the Secretary of War Weeks, and toasts were given by one country to another, but that he considered this in line with social duty, and could not very well escape this so called responsibility. Applicant stated that he had no desire to conceal the fact that he had taken liquor on this and possibly a few other occasions; that what little drinking he had done was brought about by the exigencies of the immediate social situation as he is not a drinking man and does not care for liquor.

Applicant also stated that he has been living at the above address since 1920. This is the Sigma Nu Fraternity House, attached to the George Washington University. He states that he has been President of this Fraternity for three times and that this occasioned his long residence there.

Applicant states he does not desire a position as a matter of remuneration as he can hold his present position as long as he cares to; that he desires a position as Special Agent for the reason that he wants to obtain experience and make connections so that he may commence the practice of law in his home town, Cedar Rapids, Iowa. I questioned him further along this line and asked him, assuming he obtained the position, found the necessary experience in it and made his so called connections, how long he would remain with the Bureau; to which he answered a year and a half or two years, but after that he could not say. He is a single man, of course, and stated that he has no objections to travel and that he desires to be in the middle west where he can make his connections.

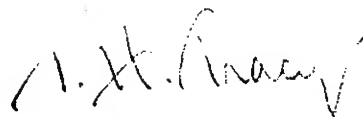

This applicant impresses me as being a substantial sort of man. He is very courteous, his manner is pleasing, and his personal appearance excellent, his bearing upright. That he has considerable tact can safely be inferred from the position he occupied for the past eight years. There is no question in my mind but what he possesses many qualifications far above the average applicant. He is a stenographer and also claims ability to read Spanish. In dictation he has confidence, poise and his diction is excellent. I understand the manner in which he handled correspondence at the War Department attracted attention and earned him the position of Confidential Clerk to the Secretary. He stated that eight years in his present position is a long time and desired to break away in order that he

Director - 3.

might start on his career. Applicant seems to me to be of a social type and although physically fitted for it, might be displeased with rugged work. This was brought out by the manner of his questions concerning the apprehension of fugitives and undercover duties. I am convinced that this applicant would make an excellent Agent and be a credit to the Bureau, but his frankness in stating that he only intends to remain with the Bureau for a period of two years would seem to militate against him and render employment speculative.

Attached hereto you will find specimen of dictation by the applicant.

Very truly yours,

Investigation discloses Applicant to be a man of good character, thoroughly reliable and graduate of Iowa Business College. No reason could be found why Applicant should not be appointed to above position. R.U.C.

REFERENCE: Director's letter dated 1-26-28, requesting investigation to determine Applicant's fitness for position as Special Agent.

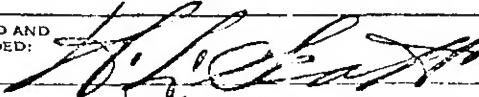

DETAILS: - At Cedar Rapids, Iowa.

✓ Applicant only gave one reference in this district, that being Honorable Hanford MacHider, former Assistant Secretary of War, Mason City, Iowa. Agent ascertained that Mr. MacHider is now in Honolulu and will not return to the States for several months.

Investigation made in Cedar Rapids, Iowa, which is the home town of Applicant's parents, discloses his father JAMES TOLSON is a trusted employee of the Chicago-Milwaukee Railway Company, occupying the position of Special Agent. It appears that the family came from Missouri to Cedar Rapids seven or eight years ago and very few people of the town could be found who knew this Applicant, as he left the City after completing a Business Course and went to Washington, D. C. to work, where he studied law and qualified to practice; but every person who did know Applicant spoke of him in the very highest terms.

✓ Thomas Pernis, one of the most highly regarded letter carriers in the Government Service lives only two doors from Applicant's parents. Mr. Pernis stated that he had known this young man about seven or eight years; that he was a very bright and ambitious young man; that he was talking with him the past summer when he was on a visit to his parents' home and learned that he had graduated in law, and at that time held some position in the War Department. Mr. Pernis states he knows Applicant is not at all dissipated and would take pleasure in endorsing him for any position.

My dear Mr. Attorney General:-

I am told by Clyde A. Tolson that he is an applicant for a position as special agent in the Department of Justice.

Mr. Tolson came into the War Department as a stenographer, I think, in 1920. He has been, as I understand it, the confidential stenographer of the Secretary of War ever since that time. The Secretary of War would undoubtedly be able to give you more recent information about him, but I am happy to say that during the time I had him under immediate observation, he was a boy of fine presence, serious attention to his duties, and excellent intelligence. My entire observation was favorable and I am glad to commend him to such consideration as your Department finds it possible to give.

Cordially yours,

Newton D. Baker
